Order

No. 37/128/2008-MAG/9588

- Read: 1. Letter No. SIDCGL/TECH-PON-19/536/16-17 dated 05-07-2017 from the Deputy General Manager, Sewerage & Infrastructural Development Corporation of Goa Ltd., Ishan Bldg., 2nd floor, opp. C. C. P., Panaji.
2. Report No. SP/South Goa/106/2017 dated 04-08-2017 from the Superintendent of Police (South), Margao-Goa.

Whereas, the Deputy General Manager, Sewerage & Infrastructural Development Corporation of Goa Ltd., Ishan Bldg., 2nd Floor, opp. C.C.P., Panaji, vide letter dated 05-07-2017 has informed that the Sewerage and Infrastructural Development Corporation of Goa Ltd. (SIDCGL) has taken up the work of Sewerage network in Ponda town and its adjoining talukas and major portion of the work has been completed till date. The work involves laying of HDPE pipes of various sizes below the existing roads by trenchless method (HDD) and construction of manholes at regular intervals. The entire system is designed such that the sewage collected and is conveyed to the sewage treatment plant by gravity without any intermediate pumping station;

And whereas, it is further informed that due to extremely undulating terrain resulting in excessive depth of the sewer line below road level, it is required to lay the sewer line by adopting micro tunneling methodology in place of HDD at few locations. This method involves deployment of heavy machinery and also requires considerable time for completing the work in comparison to HDD. Presently two locations have been identified for micro tunneling one each in Ponda town and Bandora respectively and submitted the details as under:

1. Ponda town: Civil Court to Kapleshwali bypass jn., total length - 700 mtr.
2. Bandora: Panchayat Office to Church road, total length - 500 mtr.

And whereas, the Superintendent of Police, South Goa, Margao vide letter dated 04-08-2017 has submitted no objection for closure of the above road;

And whereas, it is revealed that the work mentioned above is of urgent nature and it requires to divert the traffic for smoother movement of traffic;

And whereas, I am satisfied that the diversion of traffic is essential during execution of the above work;

Therefore, I, Anjali Sehrawat, IAS, District Magistrate, South Goa, Margao, hereby permit upon urgency of the work for closure of stretch of road for vehicular traffic at (1) Ponda town: Civil Court to Kapleshwali by pass jn., total length - 700 mtr. (2) Bandora: Panchayat Office to Church Road, total length - 500 mtr. for a period of three months for carrying micro tunneling work for providing sewerage network in Ponda town and adjoining talukas.

And also Order under Sections 115 and 116 of the Motor Vehicles Act, 1988 (Central Act 59 of 1988) read with Government Notification No. 5/28/88/TPT (part) dated 26th September, 1989 being satisfied that it is necessary in the interest of public safety and convenience to temporarily divert all type of traffic vehicles as per annexed plan and erect the signages accordingly subject to compliance with the conditions mentioned below:-

12. The applicant/contractor is directed to clear the road for vehicular traffic soon after the construction work is over.
13. The applicant/contractor is directed to erect proper traffic signboards at the site for diversion and cautioning the motorists.
14. The applicant/contractor is directed to spray water at the site at regular intervals to avoid dust pollution and also to see that road is not made slippery due to excess spraying of water.
15. The area around the work should be properly/strongly barricaded and sufficient illumination is done in the safety and security point of view of the pedestrians, motorists and cattle. The barricading should be properly illuminated with red light, glowing/reflective tapes.

16. The applicant/contractor is directed to publish an advertisement well in advance in the local newspaper about the closure of road for commencing the said work to create awareness among the general public.
